udio system feature, Bose Centerpoint Surround Sound system with NavTraffic is available in over 130 markets and works with your

 NaVTraffic is available in over 130 markets and works with your
vehicle's navigation system to give you detailed traffic data right
when you need it most - while you're driving. You'll avoid traffic tieups, save time and gas by getting alternate routes, and, in some
cases, receive traffic speed and drive-time information. Plus, you can
use NaVTraffic at the same time you're enjoying SiriusXM Satellite
Radio. You'll find that once you start using NaVTraffic, you won't want
to drive without it. Bluetooth for phone streaming audio for music for select phones

- Bluetooth for phone streaming audio for music for select phones - Entertainment system, rear seat includes 9' screen DVD player with remote control, two 2-channel wireless infrared headphones, auxiliary audio/video jacks on rear of center console, sound compression, CD-R and CR-RW capability.
